1872.

TO OUR PATRONS.

We take pleasure in presenting to our friends our **FOURTH ANNUAL CATALOGUE**. Our rapidly increasing sales have induced us to enlarge and improve our Stock of green-house plants, and we offer also, this season, a choice lot of Apple, Pear and Cherry Trees.

We publish a separate Seed Circular to which we call special attention.

Our stock of Dahlias, Geraniums, Verbenas, and Roses is particularly fine.

Any of our green-house plants will be sent by Mail, Postage paid, at our single or dozen rates. But we advise our customers to order by Express as we can furnish larger and better plants than can be sent by mail.

All our Stock will be carefully packed and delivered at the depot or express office free of charge, except Nursery Stock, for which a small charge will be made, sufficient to cover cost of boxes.

Correspondents are requested to write their orders distinctly, and on separate pieces of paper, and in all cases to give directions whether goods are to be sent by express or freight.

We desire to hear from every lot sent out.
